Courts are now letting "your creditors" seize assets held in the names of wives and children! 3. 40 years ago a middle income family paid about 2% of it's earnings in taxes, today it pays roughly 44% (a 2,200% increase - and rising) And many more...You need a strategy to protect your Income and Assets. ### **Tax Truths Exposed**

In 1986, 99.5 million Americans were tricked into filing and paying federal income taxes when legally, they didn't have to do so. If this statement shocks you, it is only because you and the rest of the nation have been thoroughly deceived by the federal government (with federal courts playing the key role), and an army of accountants, lawyers, and other tax preparers. All of these have a vested interest in keeping you ignorant concerning the real nature of federal income taxes -- That an entire nation of supposedly intelligent human beings could be so thoroughly hoodwinked, must rank as the greatest and most spectacular hoax of all time, with the phenomenon of millions of Americans scurrying to IRS offices each April 15th comparable to lemmings marching into the sea.

### **Insider Investment Guide**

Now you can benefit from the knowledge of the super-wealthy and large institutional investor. Insider this report will give details of a little-known, but highly-lucrative investment which can generate profits from 4:1 up to 2,000:1 or more per year! Payouts can be on a monthly basis, depending on the particular investment program. The investment is legal, protected, guaranteed and secure. ### **Government Giveaways**

Is there still money to be made buying and selling merchandise bought at auction from the Government? You bet there is, and plenty of folks are doing just that. Many people have made their fortune, bought the house or car of their dreams, or found a wealth of items perfectly suited for use in their homes or businesses by simply

applying the lessons learned in this exciting guide. The Money Maker of the 90's. Buy cars, houses, seized goods, and more for pennies on the dollar. Amazing wholesale prices at Government Auctions. See why the Government is giving away thousands of items that are new or slightly used for pennies on the dollar. You can't miss your opportunity to make big money at Government Sales and Auctions.

## ***BUSINESS AND LEGAL ASSISTANTS***

### **Legal Forms Assistant**

When you hire a lawyer to write an agreement, they usually don't do it. Their legal secretary does the job and you end up paying an exorbitant legal fee. Further, these secretaries really won't do anything more than fill in some blank spaces on a pre-designed word processing form and print it double-spaced with numbered lines. This type of printed output looks professional, impressive, and expensive -- that's really what you are paying for. They follow the same process for divorces, annulments, legal separations, bankruptcies, creditor plans, simple contracts, real estate deals, and so on, ad nauseam. That, in a nutshell, is the reason for this kit. You don't need a high priced (and perhaps incompetent) lawyer to do something that you can do yourself. Anyone with a computer and a word processor or text editor can use these pre-designed legal forms. Over 500 forms!

### **Business Letter Maker**

Now there's an easy way to create letters quickly and professionally. At your fingertips, you will have access to over 530 quality letters -- everything from payment notices to promotional letters, from requests for references to letters of resignation...and hundreds in-between. This is one handy, priceless collection of letters for virtually any occasion. Applies to both business and personal needs. You may find a letter that fits the situation perfectly or you can adapt one with minor modifications to suit your needs.
